

SECTION 1 — IMPORT-READY SOURCE FILE

AP U.S. History MCQ Practice Exam 11

PART A — QUESTIONS

APUSH-MCQ11-001

Section: MCQ

Type: mcq

Unit: Unit 1 — Period 1: 1491–1607

Period: Period 1: 1491–1607

Theme: GEO — Geography and the Environment

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Secondary-source interpretation with described map. A historian argues that Great Basin Native societies before sustained European contact used seasonal movement, small kin-based bands, seed gathering, fishing, hunting, and knowledge of scarce water sources to survive in arid interior environments. Which evidence would best support this interpretation?

- A) Records of English tobacco exports from Virginia
- B) Archaeological evidence of seed-processing tools, fish remains, temporary camps, and trails near springs and lakes
- C) Federal reports on New Deal relief programs
- D) Factory inspection records from the Progressive Era
- A) Records of English tobacco exports from Virginia
- B) Archaeological evidence of seed-processing tools, fish remains, temporary camps, and trails near springs and lakes
- C) Federal reports on New Deal relief programs
- D) Factory inspection records from the Progressive Era

APUSH-MCQ11-002

Section: MCQ

Type: mcq

Unit: Unit 1 — Period 1: 1491–1607

Period: Period 1: 1491–1607

Theme: WXT — Work, Exchange, and Technology

Skill: Developments and Processes

Prompt:

Stimulus: Secondary-source interpretation with described map. A historian argues that Great Basin Native societies used seasonal movement, seed gathering, fishing, hunting, and knowledge of scarce water sources. Which environmental factor most directly shaped this pattern?

- A) Dense forests that supported large plank houses
- B) Tropical soils suitable for sugar plantations
- C) Atlantic ports used for imperial trade
- D) Arid climate and uneven distribution of food and water resources

APUSH-MCQ11-003

Section: MCQ

Type: mcq

Unit: Unit 1 — Period 1: 1491–1607

Period: Period 1: 1491–1607

Theme: SOC — Social Structures

Skill: Argumentation

Prompt:

Stimulus: Secondary-source interpretation with described map. A historian argues that Great Basin Native societies used seasonal movement, small kin-based groups, seed gathering, fishing, hunting, and water-source knowledge in arid environments. Which argument about precontact Native societies is best supported?

- A) Some Native societies developed flexible social and economic systems suited to environments with limited agricultural possibilities.
- B) Native communities in arid regions could not develop organized social life before European contact.
- C) All Native peoples relied on permanent farming villages.
- D) Great Basin societies depended primarily on European trade goods before 1492.

APUSH-MCQ11-004

Section: MCQ

Type: mcq

Unit: Unit 2 — Period 2: 1607–1754

Period: Period 2: 1607–1754

Theme: WXT — Work, Exchange, and Technology

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Original simulated New Netherland merchant petition, 1640s, based on historical context, not an actual quotation. “Our port receives Dutch, English, African, Jewish, and German traders. Furs, grain, timber, and Atlantic goods pass through the harbor, and profit depends on tolerating many tongues and customs.” Which conclusion is best supported by the petition?

- A) New Netherland avoided Atlantic commerce.
- B) New Netherland developed as a plantation colony like Barbados.
- C) New Netherland’s port economy encouraged ethnic, religious, and commercial diversity.
- D) New Netherland excluded all non-Dutch residents from trade.

APUSH-MCQ11-005

Section: MCQ

Type: mcq

Unit: Unit 2 — Period 2: 1607–1754

Period: Period 2: 1607–1754

Theme: MIG — Migration and Settlement

Skill: Contextualization

Prompt:

Stimulus: Original simulated New Netherland merchant petition, 1640s, based on historical context, not an actual quotation. The petition describes Dutch, English, African, Jewish, and German traders and a port economy built around furs, grain, timber, and Atlantic goods. Which broader colonial pattern is reflected?

- A) Port cities often became centers of migration, exchange, and cultural diversity.
- B) Every European colony in North America used the same settlement model.
- C) Atlantic port commerce eliminated migration.
- D) New Netherland had no relationship to the Atlantic economy.

APUSH-MCQ11-006

Section: MCQ

Type: mcq

Unit: Unit 2 — Period 2: 1607–1754

Period: Period 2: 1607–1754

Theme: SOC — Social Structures

Skill: Sourcing and Situation

Prompt:

Stimulus: Original simulated New Netherland merchant petition, 1640s, based on historical context, not an actual quotation. The merchant argues that profit depends on tolerating many “tongues and customs.” The purpose of the petition was most likely to persuade colonial authorities to do which of the following?

- A) Ban all non-Dutch migration into the colony
- B) Protect commercial diversity because it benefited the port economy
- C) Replace trade with subsistence farming only
- D) End all legal recognition of property and contracts

APUSH-MCQ11-007

Section: MCQ

Type: mcq

Unit: Unit 2 — Period 2: 1607–1754

Period: Period 2: 1607–1754

Theme: WOR — America in the World

Skill: Making Connections

Prompt:

Stimulus: Original simulated New Netherland merchant petition, 1640s, based on historical context, not an actual quotation. The petition describes a diverse port where furs, grain, timber, and Atlantic goods move through the harbor. Which broader development is most directly connected?

- A) The end of European imperial competition in North America
- B) The isolation of colonial ports from transatlantic trade
- C) The disappearance of slavery from all northern colonies
- D) The integration of North American colonies into Atlantic commercial networks

APUSH-MCQ11-008

Section: MCQ

Type: mcq

Unit: Unit 3 — Period 3: 1754–1800

Period: Period 3: 1754–1800

Theme: PCE — Politics and Power

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Original simulated frontier petition from Pennsylvania settlers, 1764, based on historical context, not an actual quotation. “The back settlements bleed while gentlemen in the east speak of restraint. We demand protection, representation, and justice against those who threaten our farms.” Which conflict is most directly reflected?

- A) The debate over the National Bank
- B) The campaign for woman suffrage
- C) Frontier anger associated with the Paxton Boys and postwar violence against Native peoples
- D) Opposition to the Kansas-Nebraska Act

APUSH-MCQ11-009

Section: MCQ

Type: mcq

Unit: Unit 3 — Period 3: 1754–1800

Period: Period 3: 1754–1800

Theme: MIG — Migration and Settlement

Skill: Contextualization

Prompt:

Stimulus: Original simulated frontier petition from Pennsylvania settlers, 1764, based on historical context, not an actual quotation. The petition complains that backcountry settlers lack protection and representation. Which broader context best explains the grievance?

- A) Post-Seven Years' War frontier conflict exposed tensions among settlers, colonial elites, and Native peoples.
- B) Eastern elites had abandoned all political authority in Pennsylvania.
- C) Native nations had lost all influence in the backcountry by 1764.
- D) British victory ended all frontier violence immediately.

APUSH-MCQ11-010

Section: MCQ

Type: mcq

Unit: Unit 3 — Period 3: 1754–1800

Period: Period 3: 1754–1800

Theme: NAT — American and National Identity

Skill: Sourcing and Situation

Prompt:

Stimulus: Original simulated frontier petition from Pennsylvania settlers, 1764, based on historical context, not an actual quotation. The petition demands protection, representation, and justice for “back settlements.” The point of view most directly reflects which perspective?

- A) Enslaved workers demanding emancipation in the Lower South
- B) Frontier settlers who believed eastern colonial leaders ignored their security and political interests
- C) British officials defending parliamentary taxation
- D) Federalists supporting ratification of the Constitution

APUSH-MCQ11-011

Section: MCQ

Type: mcq

Unit: Unit 3 — Period 3: 1754–1800

Period: Period 3: 1754–1800

Theme: SOC — Social Structures

Skill: Argumentation

Prompt:

Stimulus: Original simulated frontier petition from Pennsylvania settlers, 1764, based on historical context, not an actual quotation. The petition links backcountry insecurity to demands for protection and representation. Which argument is best supported?

- A) Frontier conflict could deepen divisions within colonial society as well as between colonists and Native peoples.
- B) Backcountry settlers generally avoided political protest.
- C) The Seven Years' War removed all tensions over land.
- D) Colonial politics were shaped only by coastal merchants.

APUSH-MCQ11-012

Section: MCQ

Type: mcq

Unit: Unit 3 — Period 3: 1754–1800

Period: Period 3: 1754–1800

Theme: PCE — Politics and Power

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Plain-text table of the election of 1800.

Pattern | Development

Party competition | Federalists and Democratic-Republicans campaigned nationally

Electoral result | Tie between Jefferson and Burr sent decision to the House

Transfer of power | Federalists left office after Democratic-Republican victory

Public meaning | Newspapers debated whether republican government could survive party conflict

Which conclusion is best supported by the table?

- A) The election of 1800 tested whether partisan conflict could coexist with peaceful transfer of power.
- B) The election ended all party politics in the United States.
- C) Federalists refused to leave office after losing.
- D) The election restored British monarchy.

APUSH-MCQ11-013

Section: MCQ

Type: mcq

Unit: Unit 3 — Period 3: 1754–1800

Period: Period 3: 1754–1800

Theme: NAT — American and National Identity

Skill: Developments and Processes

Prompt:

Stimulus: Plain-text table of the election of 1800. Federalists and Democratic-Republicans campaigned nationally, an electoral tie sent the decision to the House, and Federalists left office after Democratic-Republican victory. Which later constitutional change was most directly connected to problems revealed by this election?

- A) Fifteenth Amendment
- B) Nineteenth Amendment
- C) Twelfth Amendment
- D) Twenty-Sixth Amendment

APUSH-MCQ11-014

Section: MCQ

Type: mcq

Unit: Unit 3 — Period 3: 1754–1800

Period: Period 3: 1754–1800

Theme: ARC — American and Regional Culture

Skill: Making Connections

Prompt:

Stimulus: Plain-text table of the election of 1800. The table shows national party competition, an electoral tie, House decision-making, and newspapers debating whether republican government could survive party conflict. Which broader development is most directly reflected?

- A) The disappearance of print culture from politics
- B) The growth of party newspapers and partisan public debate in the early republic
- C) The end of constitutional change after ratification
- D) The collapse of electoral politics after 1800

APUSH-MCQ11-015

Section: MCQ

Type: mcq

Unit: Unit 4 — Period 4: 1800–1848

Period: Period 4: 1800–1848

Theme: ARC — American and Regional Culture

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Described camp-meeting print, c. 1820s. The image shows men and women gathered outdoors around a preacher, with tents, hymn singing, emotional conversion, and families from scattered rural settlements. Which movement is most directly reflected?

- A) Social Darwinism
- B) The First Red Scare
- C) The Second Great Awakening
- D) The Open Door policy

APUSH-MCQ11-016

Section: MCQ

Type: mcq

Unit: Unit 4 — Period 4: 1800–1848

Period: Period 4: 1800–1848

Theme: MIG — Migration and Settlement

Skill: Contextualization

Prompt:

Stimulus: Described camp-meeting print, c. 1820s. The image shows outdoor preaching, tents, hymn singing, emotional conversion, and families from scattered rural settlements. Which broader context best explains the popularity of such meetings?

- A) Expanding settlement and limited access to established churches in many frontier and rural areas
- B) Federal prohibition of Protestant worship
- C) Decline of all evangelical religion after 1800
- D) Urban department-store advertising

APUSH-MCQ11-017

Section: MCQ

Type: mcq

Unit: Unit 4 — Period 4: 1800–1848

Period: Period 4: 1800–1848

Theme: SOC — Social Structures

Skill: Making Connections

Prompt:

Stimulus: Described camp-meeting print, c. 1820s. Outdoor preaching, emotional conversion, hymn singing, and families from scattered rural settlements are shown. Which broader antebellum development was connected to this religious movement?

- A) Decline of all reform activity
- B) End of women's participation in religious communities
- C) Creation of the Federal Reserve System
- D) Growth of moral reform campaigns, missionary societies, and voluntary associations

APUSH-MCQ11-018

Section: MCQ

Type: mcq

Unit: Unit 4 — Period 4: 1800–1848

Period: Period 4: 1800–1848

Theme: NAT — American and National Identity

Skill: Argumentation

Prompt:

Stimulus: Described camp-meeting print, c. 1820s. The image shows outdoor revival preaching, emotional conversion, hymn singing, tents, and rural families. Which argument about antebellum culture is best supported?

- A) Religious revivalism helped shape ideas about individual moral choice and social improvement.
- B) Religion disappeared from public life during the market revolution.
- C) Camp meetings were limited to wealthy urban elites.
- D) Revival religion had no relationship to reform movements.

APUSH-MCQ11-019

Section: MCQ

Type: mcq

Unit: Unit 4 — Period 4: 1800–1848

Period: Period 4: 1800–1848

Theme: MIG — Migration and Settlement

Skill: Sourcing and Situation

Prompt:

Stimulus: Original simulated Mormon petition from Illinois, 1845, based on historical context, not an actual quotation. “Our people seek a place where worship, family order, and community labor may be practiced without mobs or hostile courts. If the states deny peace, we must look beyond them.” Which historical situation is most directly reflected?

- A) Mormon conflict with neighbors and the search for a secure religious community
- B) The creation of the Freedmen’s Bureau
- C) The Spanish-American War
- D) The rise of the Populist Party

APUSH-MCQ11-020

Section: MCQ

Type: mcq

Unit: Unit 4 — Period 4: 1800–1848

Period: Period 4: 1800–1848

Theme: ARC — American and Regional Culture

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Original simulated Mormon petition from Illinois, 1845, based on historical context, not an actual quotation. The petition says the community seeks a place for worship, family order, and community labor without mobs or hostile courts. Which claim is best supported?

- A) New religious movements could face intense opposition while building distinctive communities.
- B) Mormon communities avoided migration.
- C) Antebellum religious movements rejected communal organization.
- D) State governments guaranteed complete religious peace in every community.

APUSH-MCQ11-021

Section: MCQ

Type: mcq

Unit: Unit 4 — Period 4: 1800–1848

Period: Period 4: 1800–1848

Theme: PCE — Politics and Power

Skill: Developments and Processes

Prompt:

Stimulus: Original simulated Mormon petition from Illinois, 1845, based on historical context, not an actual quotation. The petition describes hostility from mobs and courts and suggests looking beyond the states for security. Which development followed most directly from such conflicts?

- A) The immediate collapse of all religious communities in the United States
- B) The federal abolition of westward migration
- C) The disappearance of religious pluralism
- D) Mormon migration westward toward the Great Basin

APUSH-MCQ11-022

Section: MCQ

Type: mcq

Unit: Unit 5 — Period 5: 1844–1877

Period: Period 5: 1844–1877

Theme: MIG — Migration and Settlement

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Plain-text table of California Gold Rush migration, 1848–1855.

Pattern | Development

Population growth | Rapid increase in California

Migrant origins | United States, Latin America, Europe, China, and Australia

Mining camps | Mostly male, unstable, and diverse

Statehood | California entered the Union quickly in 1850

Which conclusion is best supported by the table?

- A) The Gold Rush made California less connected to global migration.
- B) The Gold Rush brought rapid, diverse migration and accelerated California's incorporation into the United States.
- C) Gold Rush migration came only from the eastern United States.
- D) California remained outside U.S. politics after the Gold Rush.

APUSH-MCQ11-023

Section: MCQ

Type: mcq

Unit: Unit 5 — Period 5: 1844–1877

Period: Period 5: 1844–1877

Theme: WOR — America in the World

Skill: Contextualization

Prompt:

Stimulus: Plain-text table of California Gold Rush migration, 1848–1855. The table shows rapid population growth, migrants from the United States, Latin America, Europe, China, and Australia, unstable mining camps, and California statehood in 1850. Which broader context best explains this migration?

- A) Pacific commercial networks, U.S. territorial expansion, and global news of mineral discovery
- B) The end of all oceanic transportation after 1848
- C) Federal prohibition of migration to California
- D) The decline of international commerce in the Pacific

APUSH-MCQ11-024

Section: MCQ

Type: mcq

Unit: Unit 5 — Period 5: 1844–1877

Period: Period 5: 1844–1877

Theme: SOC — Social Structures

Skill: Making Connections

Prompt:

Stimulus: Plain-text table of California Gold Rush migration, 1848–1855. Migrants came from the United States, Latin America, Europe, China, and Australia; mining camps were mostly male, unstable, and diverse. Which social conflict was most directly connected to these patterns?

- A) The end of racial and ethnic discrimination in California
- B) Conflict over public-school desegregation in the 1970s
- C) Immediate political equality for all migrants
- D) Competition over mining claims, labor, race, and citizenship in California

APUSH-MCQ11-025

Section: MCQ

Type: mcq

Unit: Unit 5 — Period 5: 1844–1877

Period: Period 5: 1844–1877

Theme: NAT — American and National Identity

Skill: Argumentation

Prompt:

Stimulus: Plain-text table of California Gold Rush migration, 1848–1855. The table shows rapid growth, global migration, unstable mining camps, and quick statehood. Which argument about westward expansion is best supported?

- A) Western expansion was shaped by migration, resource extraction, global connections, and contested belonging.
- B) The Gold Rush reduced federal interest in the Pacific Coast.
- C) California's statehood ended all sectional tensions.
- D) Migration to California was entirely planned by the federal government.

APUSH-MCQ11-026

Section: MCQ

Type: mcq

Unit: Unit 5 — Period 5: 1844–1877

Period: Period 5: 1844–1877

Theme: WOR — America in the World

Skill: Sourcing and Situation

Prompt:

Stimulus: Original simulated Confederate diplomat's memorandum, 1861, based on historical context, not an actual quotation. "European mills require our staple, and their hunger may yet do what armies cannot. If cotton remains king, recognition may follow necessity." Which strategy is most directly reflected?

- A) Reliance on cotton diplomacy to gain foreign support for the Confederacy
- B) Union efforts to recruit African American soldiers
- C) Federal plans for Reconstruction
- D) The campaign for the Compromise of 1850

APUSH-MCQ11-027

Section: MCQ

Type: mcq

Unit: Unit 5 — Period 5: 1844–1877

Period: Period 5: 1844–1877

Theme: WXT — Work, Exchange, and Technology

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Original simulated Confederate diplomat's memorandum, 1861, based on historical context, not an actual quotation. The memorandum argues that European mills need southern cotton and that recognition may follow "necessity." Which claim is best supported?

- A) Confederate leaders believed plantation exports could influence international diplomacy.
- B) Confederate leaders expected European governments to oppose cotton imports.
- C) Cotton production had no relationship to Atlantic industrial markets.
- D) The Confederacy relied only on western gold exports.

APUSH-MCQ11-028

Section: MCQ

Type: mcq

Unit: Unit 5 — Period 5: 1844–1877

Period: Period 5: 1844–1877

Theme: PCE — Politics and Power

Skill: Contextualization

Prompt:

Stimulus: Original simulated Confederate diplomat's memorandum, 1861, based on historical context, not an actual quotation. The memorandum claims that European dependence on southern cotton might bring foreign recognition. Which broader context limited the success of this strategy?

- A) Britain and France had no textile industries.
- B) The Union had no navy to enforce a blockade.
- C) Southern cotton was produced mostly by free wage labor.
- D) European governments weighed cotton demand against antislavery opinion, alternative supplies, and diplomatic risks.

APUSH-MCQ11-029

Section: MCQ

Type: mcq

Unit: Unit 5 — Period 5: 1844–1877

Period: Period 5: 1844–1877

Theme: NAT — American and National Identity

Skill: Argumentation

Prompt:

Stimulus: Original simulated Confederate diplomat's memorandum, 1861, based on historical context, not an actual quotation. The memorandum argues that European need for cotton might produce recognition of the Confederacy. Which argument about the Civil War is best supported?

- A) The Civil War was disconnected from global markets.
- B) The Confederacy had no interest in foreign recognition.
- C) The Civil War was both a domestic conflict and an international diplomatic problem.
- D) European recognition of the Confederacy was immediate and uncontested.

APUSH-MCQ11-030

Section: MCQ

Type: mcq

Unit: Unit 6 — Period 6: 1865–1898

Period: Period 6: 1865–1898

Theme: PCE — Politics and Power

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Secondary-source interpretation. A historian argues that late nineteenth-century farmers supported Granger laws because railroad rates, grain-elevator fees, and corporate power made local producers dependent on distant markets and private transportation networks. Which evidence would best support this interpretation?

- A) State laws regulating railroad rates and court cases over whether such regulation was constitutional
- B) Records of the Stamp Act Congress
- C) A poster from a women's liberation march
- D) A report on Cold War science education

APUSH-MCQ11-031

Section: MCQ

Type: mcq

Unit: Unit 6 — Period 6: 1865–1898

Period: Period 6: 1865–1898

Theme: WXT — Work, Exchange, and Technology

Skill: Contextualization

Prompt:

Stimulus: Secondary-source interpretation. A historian argues that farmers supported Granger laws because railroad rates, grain-elevator fees, and corporate power made local producers dependent on distant markets and private transportation networks. Which broader context best explains this reform impulse?

- A) Decline of national markets after the Civil War
- B) Farmer dependence on railroads, credit, and commodity prices in an industrializing economy
- C) Federal prohibition of agricultural exports
- D) The disappearance of railroad corporations after 1870

APUSH-MCQ11-032

Section: MCQ

Type: mcq

Unit: Unit 6 — Period 6: 1865–1898

Period: Period 6: 1865–1898

Theme: NAT — American and National Identity

Skill: Making Connections

Prompt:

Stimulus: Secondary-source interpretation. A historian argues that farmers supported Granger laws because railroad rates, grain-elevator fees, and corporate power made local producers dependent on distant markets and private transportation networks. Which later movement built on similar rural grievances?

- A) The Harlem Renaissance
- B) The Populist movement
- C) The New Right
- D) The Free Soil movement

APUSH-MCQ11-033

Section: MCQ

Type: mcq

Unit: Unit 6 — Period 6: 1865–1898

Period: Period 6: 1865–1898

Theme: SOC — Social Structures

Skill: Argumentation

Prompt:

Stimulus: Secondary-source interpretation. A historian argues that farmers supported Granger laws because railroad rates, grain-elevator fees, and corporate power made local producers dependent on distant markets and private transportation networks. Which argument about the Gilded Age is best supported?

- A) Farmers' economic grievances could become political demands for regulation of corporate power.
- B) Farmers avoided political organization after the Civil War.
- C) Railroad corporations had no influence over rural markets.
- D) Gilded Age reform was limited to urban factory workers.

APUSH-MCQ11-034

Section: MCQ

Type: mcq

Unit: Unit 6 — Period 6: 1865–1898

Period: Period 6: 1865–1898

Theme: WXT — Work, Exchange, and Technology

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Plain-text table of railroad time standardization, 1880s.

Pattern | Development

Railroad schedules | Difficult to coordinate with many local times

Telegraph communication | Allowed rapid coordination across distance

Standard time zones | Adopted by railroads to organize traffic

Business effects | Shipping, finance, and communication became more synchronized

Which conclusion is best supported by the table?

- A) Railroads made time coordination less important.
- B) Standard time zones reflected the needs of an increasingly integrated industrial economy.
- C) Telegraphs prevented railroads from coordinating schedules.
- D) Local time differences had no effect on business.

APUSH-MCQ11-035

Section: MCQ

Type: mcq

Unit: Unit 6 — Period 6: 1865–1898

Period: Period 6: 1865–1898

Theme: GEO — Geography and the Environment

Skill: Developments and Processes

Prompt:

Stimulus: Plain-text table of railroad time standardization, 1880s. Railroad schedules were difficult to coordinate with many local times, telegraph communication allowed coordination across distance, railroads adopted standard time zones, and business became more synchronized. Which geographic problem did standard time help solve?

- A) Coordinating movement across long east-west distances
- B) Preventing migration to western cities
- C) Eliminating all regional markets
- D) Ending railroad construction in the West

APUSH-MCQ11-036

Section: MCQ

Type: mcq

Unit: Unit 6 — Period 6: 1865–1898

Period: Period 6: 1865–1898

Theme: ARC — American and Regional Culture

Skill: Argumentation

Prompt:

Stimulus: Plain-text table of railroad time standardization, 1880s. Railroad schedules, telegraph coordination, standard time zones, and synchronized business are shown. Which argument about industrialization is best supported?

- A) Industrialization changed not only production but also how Americans organized time and space.
- B) Industrialization reduced the need for national coordination.
- C) Railroads weakened connections among cities.
- D) Standard time was unrelated to business and communication.

APUSH-MCQ11-037

Section: MCQ

Type: mcq

Unit: Unit 7 — Period 7: 1890–1945

Period: Period 7: 1890–1945

Theme: GEO — Geography and the Environment

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Described urban planning drawing, c. 1900–1915. The drawing shows broad boulevards, public parks, sanitation corridors, civic buildings, and redesigned waterfront spaces. Labels note “beauty, order, health, and civic pride.” Which Progressive Era concern is most directly reflected?

- A) Urban planning reform aimed at public health, civic order, and improved city environments
- B) Resistance to the Fugitive Slave Act
- C) Opposition to the Northwest Ordinance
- D) The campaign for free silver

APUSH-MCQ11-038

Section: MCQ

Type: mcq

Unit: Unit 7 — Period 7: 1890–1945

Period: Period 7: 1890–1945

Theme: ARC — American and Regional Culture

Skill: Contextualization

Prompt:

Stimulus: Described urban planning drawing, c. 1900–1915. The drawing shows boulevards, parks, sanitation corridors, civic buildings, and waterfront redesign under the labels “beauty, order, health, and civic pride.” Which broader context best explains this planning movement?

- A) Decline of cities after the Civil War
- B) Federal abolition of municipal government
- C) The disappearance of immigration and industrial pollution
- D) Progressive belief that experts and public investment could improve urban life

APUSH-MCQ11-039

Section: MCQ

Type: mcq

Unit: Unit 7 — Period 7: 1890–1945

Period: Period 7: 1890–1945

Theme: PCE — Politics and Power

Skill: Making Connections

Prompt:

Stimulus: Described urban planning drawing, c. 1900–1915. The drawing shows planned parks, civic buildings, broad streets, sanitation corridors, and redesigned waterfronts. Which government role is most directly reflected?

- A) State governments nullifying federal tariffs
- B) Local governments and planning commissions using public authority to reshape urban space
- C) Congress admitting California as a free state
- D) Federal courts enforcing the Fugitive Slave Act

APUSH-MCQ11-040

Section: MCQ

Type: mcq

Unit: Unit 7 — Period 7: 1890–1945

Period: Period 7: 1890–1945

Theme: SOC — Social Structures

Skill: Argumentation

Prompt:

Stimulus: Described urban planning drawing, c. 1900–1915. Boulevards, parks, sanitation corridors, civic buildings, and waterfront redesign are presented as tools of “beauty, order, health, and civic pride.” Which argument about Progressivism is best supported?

- A) Progressive reform included efforts to physically redesign cities as well as regulate politics and business.
- B) Progressives rejected expert planning.
- C) Urban reformers focused only on rural agriculture.
- D) City planning had no connection to social reform.

APUSH-MCQ11-041

Section: MCQ

Type: mcq

Unit: Unit 7 — Period 7: 1890–1945

Period: Period 7: 1890–1945

Theme: WOR — America in the World

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Plain-text table of Lend-Lease and defense production, 1940–1941.

Pattern | Development

U.S. formal status | Not yet at war

Aid to Britain and allies | Expanded through loans, leases, and supplies

Industrial production | Shifted toward aircraft, ships, vehicles, and weapons

Public argument | Supporters called the United States an “arsenal of democracy”

Which conclusion is best supported by the table?

- A) The United States supported Allied resistance before formally entering World War II.
- B) The United States banned all trade with Britain before Pearl Harbor.
- C) Defense production declined before U.S. entry into the war.
- D) Lend-Lease required immediate U.S. annexation of European territory.

APUSH-MCQ11-042

Section: MCQ

Type: mcq

Unit: Unit 7 — Period 7: 1890–1945

Period: Period 7: 1890–1945

Theme: WXT — Work, Exchange, and Technology

Skill: Contextualization

Prompt:

Stimulus: Plain-text table of Lend-Lease and defense production, 1940–1941. The United States was not yet formally at war, aid to Britain and allies expanded, industrial production shifted toward military goods, and supporters described the country as an “arsenal of democracy.” Which broader context best explains this shift?

- A) The collapse of industrial capacity after 1929
- B) The beginning of the American Revolution
- C) The expansion of U.S. support for Allies as fascist aggression threatened Europe and Asia
- D) The settlement of the Oregon boundary

APUSH-MCQ11-043

Section: MCQ

Type: mcq

Unit: Unit 7 — Period 7: 1890–1945

Period: Period 7: 1890–1945

Theme: NAT — American and National Identity

Skill: Sourcing and Situation

Prompt:

Stimulus: Plain-text table of Lend-Lease and defense production, 1940–1941. Supporters called the United States an “arsenal of democracy” while aid and production expanded before formal entry into war. The phrase “arsenal of democracy” was meant to do which of the following?

- A) Argue that economic and industrial support for Allies defended democratic values without immediate full-scale U.S. combat
- B) Demand that the United States abandon Britain
- C) Defend neutrality by ending all defense production
- D) Oppose aid to all countries resisting fascism

APUSH-MCQ11-044

Section: MCQ

Type: mcq

Unit: Unit 7 — Period 7: 1890–1945

Period: Period 7: 1890–1945

Theme: PCE — Politics and Power

Skill: Argumentation

Prompt:

Stimulus: Plain-text table of Lend-Lease and defense production, 1940–1941. The table shows expanded aid to Britain and allies, rising defense production, and public arguments about the United States as an “arsenal of democracy.” Which argument about U.S. foreign policy before Pearl Harbor is best supported?

- A) The United States moved from strict neutrality toward active support for nations resisting Axis powers.
- B) The United States had no economic relationship with World War II before December 1941.
- C) Congress required the United States to join the Axis powers.
- D) Public debate over intervention disappeared before Pearl Harbor.

Type: mcq

Unit: Unit 8 — Period 8: 1945–1980

Period: Period 8: 1945–1980

Theme: SOC — Social Structures

Skill: Sourcing and Situation

Prompt:

Stimulus: Original simulated Title IX campus statement, mid-1970s, based on historical context, not an actual quotation. “A school that receives federal funds cannot open laboratories, scholarships, and athletic fields to sons while telling daughters to wait. Equality must be measured in budgets, teams, and classrooms.” Which issue is most directly reflected?

- A) Debate over the Fugitive Slave Act
- B) Title IX and sex equality in federally funded education
- C) The Missouri Compromise
- D) The Alien and Sedition Acts

APUSH-MCQ11-046

Type: mcq

Unit: Unit 8 — Period 8: 1945–1980

Period: Period 8: 1945–1980

Theme: WXT — Work, Exchange, and Technology

Skill: Developments and Processes

Prompt:

Stimulus: Original simulated Title IX campus statement, mid-1970s, based on historical context, not an actual quotation. The statement links sex equality to laboratories, scholarships, athletic fields, budgets, teams, and classrooms. Which broader development is most directly reflected?

- A) Expansion of equal-access claims into higher education and professional opportunity
- B) Decline of women’s enrollment after World War II
- C) End of all federal influence over education
- D) Restriction of women to domestic education only

APUSH-MCQ11-048

Section: MCQ

Type: mcq

Unit: Unit 8 — Period 8: 1945–1980

Period: Period 8: 1945–1980

Theme: NAT — American and National Identity

Skill: Argumentation

Prompt:

Stimulus: Original simulated Title IX campus statement, mid-1970s, based on historical context, not an actual quotation. The statement argues that equality must be measured in school budgets, teams, laboratories, and classrooms. Which argument about postwar rights movements is best supported?

- A) Rights claims increasingly challenged unequal access within everyday institutions, not only formal legal status.
- B) Postwar rights movements ignored gender discrimination.
- C) Feminist activism ended after the Nineteenth Amendment.
- D) Federal education policy avoided questions of equality.

APUSH-MCQ11-049

Section: MCQ

Type: mcq

Unit: Unit 8 — Period 8: 1945–1980

Period: Period 8: 1945–1980

Theme: WOR — America in the World

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Original simulated Vietnam veteran testimony, 1971, based on historical context, not an actual quotation. “We were told villages were secured, then returned to the same hills and roads. Body counts became proof of progress, yet the war seemed to measure numbers more easily than legitimacy.” Which issue is most directly reflected?

- A) Debate over the War of 1812
- B) Vietnam War criticism of military metrics, credibility, and political legitimacy
- C) Support for the Korean War armistice
- D) The campaign for Lend-Lease

APUSH-MCQ11-050

Section: MCQ

Type: mcq

Unit: Unit 8 — Period 8: 1945–1980

Period: Period 8: 1945–1980

Theme: PCE — Politics and Power

Skill: Contextualization

Prompt:

Stimulus: Original simulated Vietnam veteran testimony, 1971, based on historical context, not an actual quotation. The testimony criticizes repeated operations, body counts, and the gap between official measures and legitimacy. Which broader context best explains this criticism?

- A) Public trust eroded as the Vietnam War dragged on and official claims appeared disconnected from battlefield and political realities.
- B) The United States won a quick, decisive victory in Vietnam.
- C) Congress banned all public discussion of the Vietnam War.
- D) Vietnam policy was unrelated to domestic politics.

APUSH-MCQ11-051

Section: MCQ

Type: mcq

Unit: Unit 8 — Period 8: 1945–1980

Period: Period 8: 1945–1980

Theme: NAT — American and National Identity

Skill: Making Connections

Prompt:

Stimulus: Original simulated Vietnam veteran testimony, 1971, based on historical context, not an actual quotation. The testimony questions body counts, repeated operations, and legitimacy. Which later development reflected similar concern about presidential war-making and public accountability?

- A) War Powers Resolution
- B) Northwest Ordinance
- C) Stamp Act Congress
- D) Homestead Act

APUSH-MCQ11-052

Section: MCQ

Type: mcq

Unit: Unit 9 — Period 9: 1980–Present

Period: Period 9: 1980–Present

Theme: WXT — Work, Exchange, and Technology

Skill: Claims and Evidence in Sources

Prompt:

Stimulus: Plain-text table of biotechnology and public debate.

Pattern | Late 20th to early 21st century development

Genetic testing | Became more available to consumers and medical providers

Biotech firms | Expanded research in pharmaceuticals, agriculture, and diagnostics

Privacy concerns | Grew over genetic data, insurance, and employment discrimination

Policy debates | Focused on innovation, ethics, regulation, and access

Which conclusion is best supported by the table?

- A) Biotechnology created new opportunities while raising ethical, privacy, and regulatory questions.
- B) Genetic testing eliminated all medical uncertainty.
- C) Biotechnology had no relationship to business or public policy.
- D) Privacy concerns disappeared as genetic testing expanded.

Prompt:

Stimulus: Plain-text table of biotechnology and public debate. Genetic testing expanded, biotech firms grew, privacy concerns increased, and policy debates focused on innovation, ethics, regulation, and access. Which argument about recent U.S. history is best supported?

- A) Technological innovation has repeatedly raised questions about rights, identity, markets, and government regulation.
- B) Biotechnology ended all debates over healthcare and privacy.
- C) Scientific innovation became separated from politics after 1980.
- D) Genetic information had no relationship to ideas about personal identity.

PART B — ANSWER KEY + EXPLANATIONS

APUSH-MCQ11-001 — Correct: B — Correct Answer: Archaeological evidence of seed-processing tools, fish remains, temporary camps, and trails near springs and lakes — Explanation: These findings support the interpretation of seasonal movement, foraging, fishing, and water-source knowledge in the Great Basin.

APUSH-MCQ11-002 — Correct: D — Correct Answer: Arid climate and uneven distribution of food and water resources — Explanation: Scarce and unevenly distributed resources shaped Great Basin seasonal movement and small kin-based organization.

APUSH-MCQ11-003 — Correct: A — Correct Answer: Some Native societies developed flexible social and economic systems suited to environments with limited agricultural possibilities. — Explanation: The stimulus shows complexity through mobility, resource knowledge, and flexible organization rather than intensive agriculture.

APUSH-MCQ11-004 — Correct: C — Correct Answer: New Netherland's port economy encouraged ethnic, religious, and commercial diversity. — Explanation: The petition describes many groups and multiple goods moving through a commercial port.

APUSH-MCQ11-005 — Correct: A — Correct Answer: Port cities often became centers of migration, exchange, and cultural diversity. — Explanation: New Netherland's harbor economy attracted diverse peoples and goods.

APUSH-MCQ11-006 — Correct: B — Correct Answer: Protect commercial diversity because it benefited the port economy — Explanation: The merchant argues toleration is profitable and necessary for commerce.

APUSH-MCQ11-007 — Correct: D — Correct Answer: The integration of North American colonies into Atlantic commercial networks — Explanation: Furs, grain, timber, and Atlantic goods show the colony's role in transatlantic commerce.

APUSH-MCQ11-008 — Correct: C — Correct Answer: Frontier anger associated with the Paxton Boys and postwar violence against Native peoples — Explanation: The petition's backcountry grievance and demand for protection reflect frontier tensions after the Seven Years' War.

APUSH-MCQ11-009 — Correct: A — Correct Answer: Post-Seven Years' War frontier conflict exposed tensions among settlers, colonial elites, and Native peoples. — Explanation: The conflict grew from backcountry insecurity, land pressure, and dissatisfaction with eastern authorities.

APUSH-MCQ11-010 — Correct: B — Correct Answer: Frontier settlers who believed eastern colonial leaders ignored their security and political interests — Explanation: The petition speaks from a backcountry perspective demanding protection and representation.

APUSH-MCQ11-011 — Correct: A — Correct Answer: Frontier conflict could deepen divisions within colonial society as well as between colonists and Native peoples. — Explanation: The source shows conflict among settlers, elites, and Native peoples.

APUSH-MCQ11-012 — Correct: A — Correct Answer: The election of 1800 tested whether partisan conflict could coexist with peaceful transfer of power. — Explanation: The table emphasizes party conflict, an electoral crisis, and peaceful transfer.

APUSH-MCQ11-013 — Correct: C — Correct Answer: Twelfth Amendment — Explanation: The electoral tie between Jefferson and Burr helped lead to the Twelfth Amendment.

APUSH-MCQ11-014 — Correct: B — Correct Answer: The growth of party newspapers and partisan public debate in the early republic — Explanation: Newspapers debating party conflict show the rise of partisan political culture.

APUSH-MCQ11-015 — Correct: C — Correct Answer: The Second Great Awakening — Explanation: Outdoor revival preaching, emotional conversion, and camp meetings are associated with the Second Great Awakening.

APUSH-MCQ11-016 — Correct: A — Correct Answer: Expanding settlement and limited access to established churches in many frontier and rural areas — Explanation: Camp meetings met religious needs in scattered settlements with few formal churches.

APUSH-MCQ11-017 — Correct: D — Correct Answer: Growth of moral reform campaigns, missionary societies, and voluntary associations — Explanation: The Second Great Awakening helped inspire moral reform and voluntary activism.

APUSH-MCQ11-018 — Correct: A — Correct Answer: Religious revivalism helped shape ideas about individual moral choice and social improvement. — Explanation: Revivalism emphasized conversion, moral agency, and reform.

APUSH-MCQ11-019 — Correct: A — Correct Answer: Mormon conflict with neighbors and the search for a secure religious community — Explanation: The petition refers to hostility, courts, mobs, and a search for religious safety.

APUSH-MCQ11-020 — Correct: A — Correct Answer: New religious movements could face intense opposition while building distinctive communities. — Explanation: The source connects religious community-building with external hostility.

APUSH-MCQ11-021 — Correct: D — Correct Answer: Mormon migration westward toward the Great Basin — Explanation: Conflict in Illinois helped prompt Mormon migration toward the Great Basin.

APUSH-MCQ11-022 — Correct: B — Correct Answer: The Gold Rush brought rapid, diverse migration and accelerated California's incorporation into the United States. — Explanation: The table shows rapid growth, global migration, mining camps, and statehood.

APUSH-MCQ11-023 — Correct: A — Correct Answer: Pacific commercial networks, U.S. territorial expansion, and global news of mineral discovery — Explanation: Global migration to California reflected Pacific connections, expansion, and the spread of Gold Rush news.

APUSH-MCQ11-024 — Correct: D — Correct Answer: Competition over mining claims, labor, race, and citizenship in California — Explanation: Diverse and unstable mining camps produced conflict over work, rights, and belonging.

APUSH-MCQ11-025 — Correct: A — Correct Answer: Western expansion was shaped by migration, resource extraction, global connections, and contested belonging. — Explanation: The Gold Rush shows expansion as a global, social, and political process.

APUSH-MCQ11-026 — Correct: A — Correct Answer: Reliance on cotton diplomacy to gain foreign support for the Confederacy — Explanation: The memorandum assumes European dependence on cotton might bring recognition.

APUSH-MCQ11-027 — Correct: A — Correct Answer: Confederate leaders believed plantation exports could influence international diplomacy. — Explanation: The source links cotton exports to hopes for diplomatic recognition.

APUSH-MCQ11-028 — Correct: D — Correct Answer: European governments weighed cotton demand against antislavery opinion, alternative supplies, and diplomatic risks. — Explanation:

Cotton diplomacy was limited by politics, alternative sources, and risks of recognizing the Confederacy.

APUSH-MCQ11-029 — Correct: C — Correct Answer: The Civil War was both a domestic conflict and an international diplomatic problem. — Explanation: The memorandum shows Confederate hopes for foreign recognition and market influence.

APUSH-MCQ11-030 — Correct: A — Correct Answer: State laws regulating railroad rates and court cases over whether such regulation was constitutional — Explanation: Granger laws and related court cases directly support the interpretation about farmer demands for regulation.

APUSH-MCQ11-031 — Correct: B — Correct Answer: Farmer dependence on railroads, credit, and commodity prices in an industrializing economy — Explanation: Farmers' dependence on transportation and markets helped fuel regulation movements.

APUSH-MCQ11-032 — Correct: B — Correct Answer: The Populist movement — Explanation: Populism built on earlier rural grievances over railroads, credit, currency, and corporate power.

APUSH-MCQ11-033 — Correct: A — Correct Answer: Farmers' economic grievances could become political demands for regulation of corporate power. — Explanation: The interpretation shows how rural economic concerns became political reform demands.

APUSH-MCQ11-034 — Correct: B — Correct Answer: Standard time zones reflected the needs of an increasingly integrated industrial economy. — Explanation: Railroads and telegraphs required coordinated schedules across distance.

APUSH-MCQ11-035 — Correct: A — Correct Answer: Coordinating movement across long east-west distances — Explanation: Standard time helped organize railroad travel and communication across large geographic distances.

APUSH-MCQ11-036 — Correct: A — Correct Answer: Industrialization changed not only production but also how Americans organized time and space. — Explanation: Standard time shows that industrial systems reshaped daily organization and national coordination.

APUSH-MCQ11-037 — Correct: A — Correct Answer: Urban planning reform aimed at public health, civic order, and improved city environments — Explanation: The drawing's boulevards, parks, sanitation corridors, and civic spaces reflect Progressive planning goals.

APUSH-MCQ11-038 — Correct: D — Correct Answer: Progressive belief that experts and public investment could improve urban life — Explanation: City planning reflected Progressive faith in expertise, order, health, and civic improvement.

APUSH-MCQ11-039 — Correct: B — Correct Answer: Local governments and planning commissions using public authority to reshape urban space — Explanation: Planned parks, streets, and civic buildings show public authority over urban design.

APUSH-MCQ11-040 — Correct: A — Correct Answer: Progressive reform included efforts to physically redesign cities as well as regulate politics and business. — Explanation: The source shows urban design as part of broader Progressive reform.

APUSH-MCQ11-041 — Correct: A — Correct Answer: The United States supported Allied resistance before formally entering World War II. — Explanation: Lend-Lease expanded aid and defense production before U.S. entry into the war.

APUSH-MCQ11-042 — Correct: C — Correct Answer: The expansion of U.S. support for Allies as fascist aggression threatened Europe and Asia — Explanation: Lend-Lease reflected growing U.S. support for nations resisting Axis aggression.

APUSH-MCQ11-043 — Correct: A — Correct Answer: Argue that economic and industrial support for Allies defended democratic values without immediate full-scale U.S. combat — Explanation: “Arsenal of democracy” framed industrial aid as defense of democracy before formal entry.

APUSH-MCQ11-044 — Correct: A — Correct Answer: The United States moved from strict neutrality toward active support for nations resisting Axis powers. — Explanation: The table shows increasing aid and production before Pearl Harbor.

APUSH-MCQ11-045 — Correct: B — Correct Answer: Title IX and sex equality in federally funded education — Explanation: The statement’s references to federally funded schools, scholarships, labs, and athletics point to Title IX.

APUSH-MCQ11-046 — Correct: A — Correct Answer: Feminist legal activism expanded into education, athletics, and access to institutional resources. — Explanation: The statement connects sex equality to budgets, teams, laboratories, and scholarships.

APUSH-MCQ11-047 — Correct: A — Correct Answer: Expansion of equal-access claims into higher education and professional opportunity — Explanation: Laboratories, scholarships, and classrooms reflect equal access to education and opportunity.

APUSH-MCQ11-048 — Correct: A — Correct Answer: Rights claims increasingly challenged unequal access within everyday institutions, not only formal legal status. — Explanation: The source shows rights claims applied to institutional resources and daily educational life.

APUSH-MCQ11-049 — Correct: B — Correct Answer: Vietnam War criticism of military metrics, credibility, and political legitimacy — Explanation: The testimony criticizes body counts, repeated operations, and the gap between official measures and legitimacy.

APUSH-MCQ11-050 — Correct: A — Correct Answer: Public trust eroded as the Vietnam War dragged on and official claims appeared disconnected from battlefield and political realities. — Explanation: The testimony reflects credibility-gap concerns and disillusionment with official claims.

APUSH-MCQ11-051 — Correct: A — Correct Answer: War Powers Resolution — Explanation: The War Powers Resolution reflected concern about presidential war-making after Vietnam.

APUSH-MCQ11-052 — Correct: A — Correct Answer: Biotechnology created new opportunities while raising ethical, privacy, and regulatory questions. — Explanation: The table links genetic testing and biotech expansion with privacy, discrimination, ethics, and regulation.

APUSH-MCQ11-053 — Correct: B — Correct Answer: Growth of information technology, medical research, venture capital, and debates over personal data — Explanation: These developments explain the rise of biotechnology and concerns over genetic data.

APUSH-MCQ11-054 — Correct: A — Correct Answer: Public debates over whether industrial and scientific advances required new forms of regulation and consumer protection — Explanation: Biotechnology debates resemble earlier debates about regulating new technologies and protecting the public.

APUSH-MCQ11-055 — Correct: A — Correct Answer: Technological innovation has repeatedly raised questions about rights, identity, markets, and government regulation. — Explanation: The table shows that biotechnology affected privacy, ethics, markets, identity, and policy.

SECTION 2 — SERIES DO-NOT-REPEAT BANK UPDATE — DO NOT IMPORT

SERIES DO-NOT-REPEAT BANK UPDATE — APUSH-MCQ11

- APUSH-MCQ11-001–003: Unit 1; Period 1; Great Basin Native societies, arid interior environments, kin-based bands, seasonal camps; secondary-source interpretation with described map; seed gathering, fishing, hunting, water-source knowledge, flexible mobility; claims-evidence and environmental adaptation path; Great Basin seasonal-resource map; targets misconception that Native complexity required permanent farming villages.
- APUSH-MCQ11-004–007: Unit 2; Period 2; New Netherland merchants, Dutch/English/African/Jewish/German residents, Atlantic traders, port authorities; original simulated merchant petition, 1640s; port commerce, ethnic and religious diversity, toleration for profit, Atlantic networks; sourcing and colonial pluralism path; primary-source-style port petition; targets misconception that northern colonies were ethnically uniform or commercially isolated.
- APUSH-MCQ11-008–011: Unit 3; Period 3; Pennsylvania frontier settlers, eastern colonial elites, Native peoples, postwar backcountry communities; original simulated frontier petition, 1764; Paxton Boys context, frontier insecurity, representation, protection, settler violence, post-Seven Years' War tensions; sourcing and social-conflict path; primary-source-style frontier petition; targets misconception that imperial victory ended frontier conflict or that colonial divisions were only coastal.
- APUSH-MCQ11-012–014: Unit 3; Period 3; Federalists, Democratic-Republicans, Jefferson, Burr, House of Representatives, party newspapers; election of 1800 table; party competition, electoral tie, peaceful transfer, Twelfth Amendment, partisan public debate; data/table and political-development path; election-process table; targets misconception that early party conflict destroyed republican government or had no constitutional consequences.
- APUSH-MCQ11-015–018: Unit 4; Period 4; rural families, evangelical preachers, frontier communities, voluntary reformers; described Second Great Awakening camp-meeting print, c. 1820s; outdoor revivalism, emotional conversion, scattered settlement, moral reform, voluntary associations; visual analysis and cultural-reform path; camp-meeting visual; targets misconception that antebellum reform was separate from evangelical religion.
- APUSH-MCQ11-019–021: Unit 4; Period 4; Mormon communities, Illinois neighbors, courts, mobs, religious migrants; original simulated Mormon petition, 1845; religious persecution, community organization, migration westward, search for safety and autonomy; sourcing and

migration/religious pluralism path; primary-source-style religious petition; targets misconception that antebellum religious pluralism always produced tolerance.

- APUSH-MCQ11-022–025: Unit 5; Period 5; California gold seekers, migrants from Latin America/Europe/China/Australia/U.S., mining camps, statehood advocates; California Gold Rush migration table, 1848–1855; rapid population growth, global migration, mining camps, contested race/citizenship/labor, statehood; data/table and global-migration path; Gold Rush migration table; targets misconception that westward expansion was only continental and not globally connected.

- APUSH-MCQ11-026–029: Unit 5; Period 5; Confederate diplomats, European textile mills, enslaved cotton producers, Union blockade policymakers, foreign governments; original simulated cotton-diplomacy memorandum, 1861; King Cotton strategy, foreign recognition, Atlantic markets, antislavery opinion, blockade limits; sourcing and international-diplomacy path; primary-source-style diplomatic memo; targets misconception that the Civil War was only domestic or that cotton automatically guaranteed foreign recognition.

- APUSH-MCQ11-030–033: Unit 6; Period 6; Granger farmers, railroad corporations, grain-elevator operators, state legislatures, courts; secondary-source interpretation; railroad rates, elevator fees, state regulation, rural market dependence, corporate power; claims-evidence and reform-politics path; Granger-law interpretation stimulus; targets misconception that rural farmers were outside Gilded Age corporate capitalism.

- APUSH-MCQ11-034–036: Unit 6; Period 6; railroad managers, telegraph operators, shippers, financiers, travelers, urban businesses; railroad time standardization table, 1880s; local times, telegraph coordination, standard time zones, synchronized commerce; data/table and industrial-time path; railroad/telegraph time table; targets misconception that industrialization changed only factories and not time, geography, and daily organization.

- APUSH-MCQ11-037–040: Unit 7; Period 7; Progressive urban planners, municipal governments, immigrants, city residents, public-health reformers; described urban planning drawing, c. 1900–1915; boulevards, parks, sanitation corridors, civic buildings, waterfront redesign, expert planning; visual analysis and municipal-reform path; City Beautiful/urban-planning visual; targets misconception that Progressive reform was only lawmaking and not physical redesign of urban environments.

- APUSH-MCQ11-041–044: Unit 7; Period 7; U.S. policymakers, industrial workers, Britain and Allied governments, isolationists and interventionists; Lend-Lease and defense production table, 1940–1941; aid before formal war, arsenal of democracy, defense industry, fascist aggression, shift from neutrality; data/table and foreign-policy transition path; prewar aid/production table; targets misconception that the United States remained strictly neutral until Pearl Harbor.

- APUSH-MCQ11-045–048: Unit 8; Period 8; women students, campus activists, federally funded schools, athletes, scholarship committees, laboratory programs; original simulated Title IX campus statement, mid-1970s; sex equality in education, athletics, budgets, laboratories, scholarships, institutional access; sourcing and rights-institutions path; activist campus statement; targets misconception that women's rights activism was limited to the workplace or ERA debates.

- APUSH-MCQ11-049–051: Unit 8; Period 8; Vietnam veterans, soldiers, policymakers, antiwar critics, executive branch officials, public audiences; original simulated Vietnam veteran testimony, 1971; body counts, credibility gap, legitimacy, repeated operations, erosion of trust, War Powers

Resolution; sourcing and war-accountability path; veteran testimony stimulus; targets misconception that Vietnam criticism came only from students or only opposed military service.

· APUSH-MCQ11-052–055: Unit 9; Period 9; genetic-testing consumers, biotech firms, medical providers, insurers, employers, policymakers; biotechnology and public debate table; genetic testing, pharmaceuticals, diagnostics, privacy, discrimination, ethics, regulation, access; data/table and technology-rights argument path; biotechnology policy table; targets misconception that recent technological innovation is separate from rights, identity, markets, and public regulation.
